

CONFERENCE HEADSET HS-07

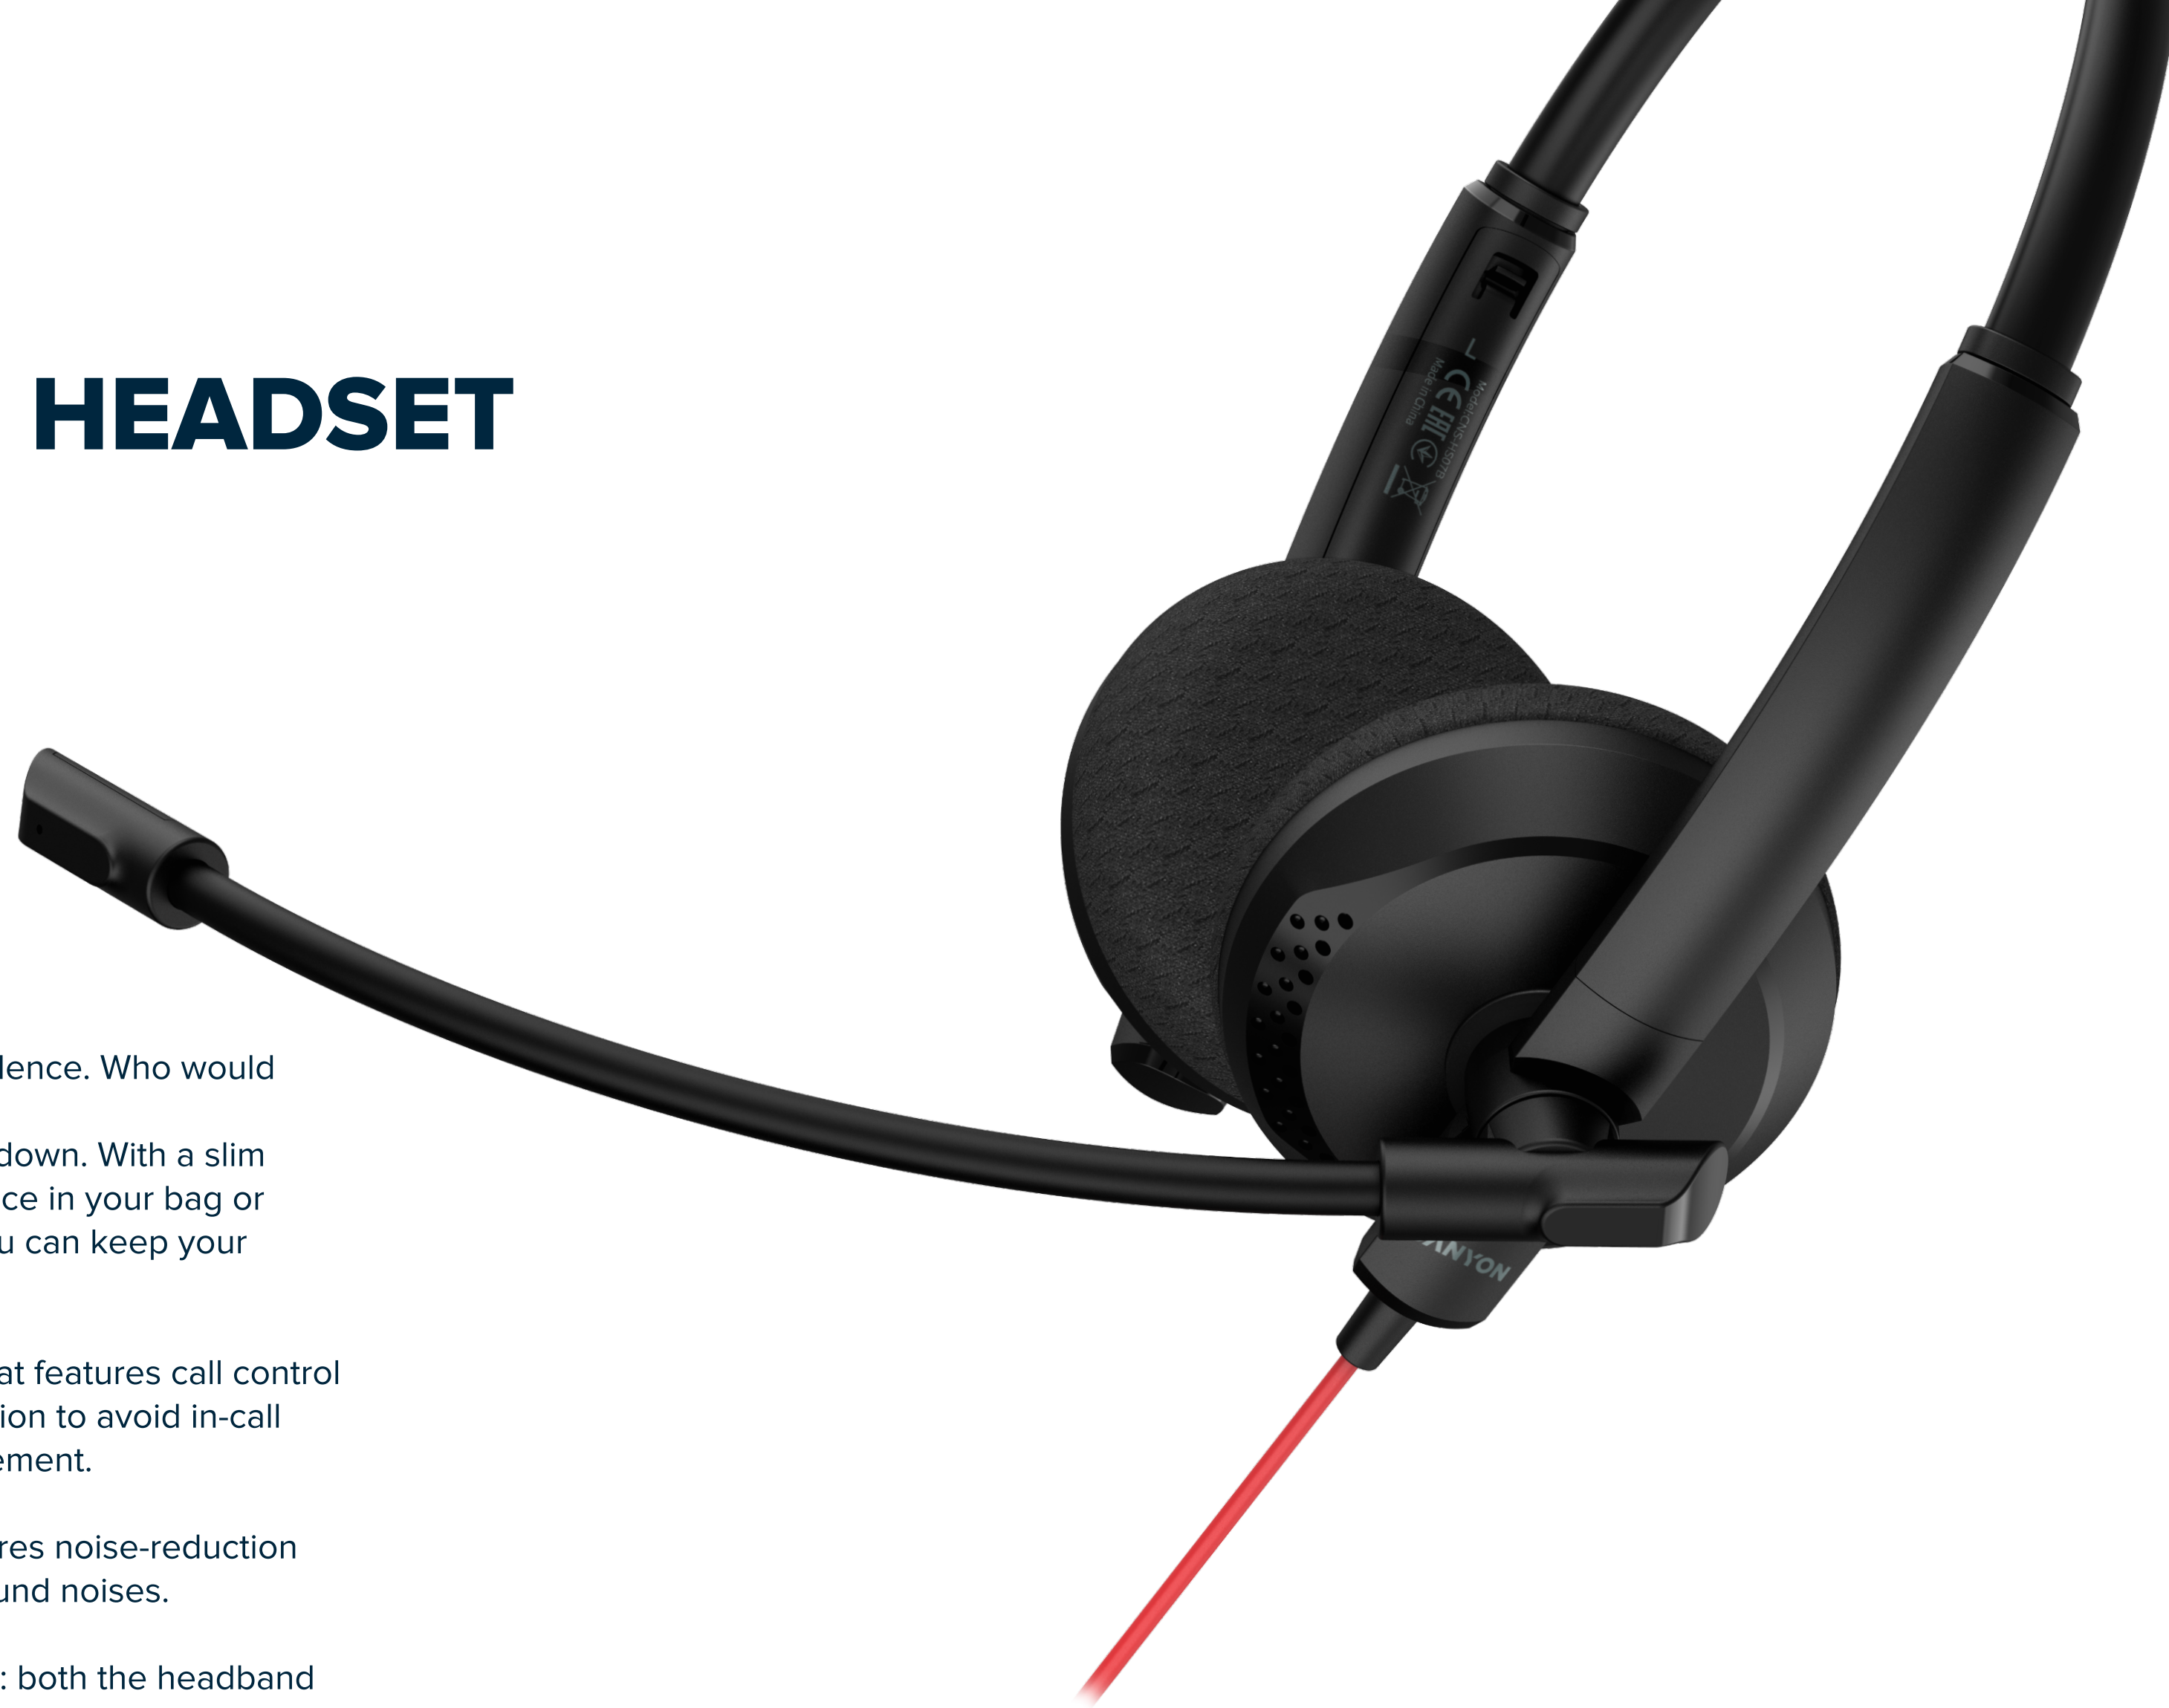

When you're a professional, your accessories are crucial for confidence. Who would want to jeopardize an important meeting? Exactly – no one ever. Meet the conference headset from Canyon that will never let you down. With a slim profile and a weight of just 102 grams, it doesn't take up much space in your bag or backpack. A soft carrying sleeve is included in the package, so you can keep your headset organized neatly.

It can be connected with a 3.5mm jack or via a USB sound card that features call control buttons. The sound card has a separate mute button – a great option to avoid in-call mishaps! The cable length is 1.8m long to ensure freedom of movement.

This headset is compatible with most voice call services and features noise-reduction technology, so your microphone won't pick up unwanted background noises.

Comfort and ergonomics are important when your calls get longer: both the headband and microphone bar are adjustable to follow your head shape.

Don't miss this opportunity to step your meeting confidence up!

BE PRODUCTIVE

Don't think about your accessories;
focus on the important decisions.
The tech is here to help you:
the microphone filters out unwanted
noises, while sound controls are at
your fingertips with the call control unit.

ALL DAY COMFORT

Featherweight design and slim profile make it so easy to carry this headset and wear it for as long as you need. The headband and mic bar are adjustable to ensure perfect fit.

COMPATIBILITY

This headset supports most voice call services — compatibility issues are no more!

FLEXIBLE CONNECTIVITY

Whether using a USB port or a 3.5mm jack, HS-07 supports both options hassle-free.
