## Ufesa Z5 Digital Stick Vacuum Cleaner

DIGITAL BRUSHLESS MOTOR. Equipped with a 25.9V digital brushless motor that offers greater wear resistance and longer life than conventional motors, ensuring long-lasting and efficient performance

POWERFUL AND EFFICIENT PERFORMANCE. With an impressive maximum suction pressure of  $\geq 25\text{KPa}$ , it ensures effective removal of dirt and debris from all types of surfaces, while the capacity of the 0.5 litre dust container allows long-term cleaning without the need for frequent emptying of the appliance

300W MAXIMUM POWER. The maximum power of 300W gives this vacuum cleaner an impressive power to remove dirt and waste quickly and efficiently with every movement. In addition, the 3 suction modes (Eco, Medium, High) allow you to easily adjust the suction power to your specific needs and the type of surface you are cleaning

LONG BATTERY LIFE AND FAST CHARGING. Equipped with a removable 2200mAh Li-ion battery with a voltage of 25.9V, it offers a maximum working time of up to 40 minutes, with a fast charge time of only 4 hours

DIGITAL DISPLAY + POWER LED XL. With a digital touch screen to easily select the desired power setting and display the battery level, it also includes a motorized brush for multiple surfaces - especially useful for removing pet hair, crumbs and other hard-to-clean dirt - with XL LED light that gives extra long light for total visibility in all corners, making cleaning easier
